35<sup>TH</sup> EUROPEAN CRYSTALLOGRAPHIC MEETING

# SPONSORSHIP & EXHIBITION OPPORTUNITIES

25-29 August 2025  
Poznań, Poland

[www.ecm35.org](http://www.ecm35.org)

We are pleased to invite you to participate as a sponsor or exhibitor at the upcoming European Crystallographic Meeting (ECM), which will take place from August 25 to 30, 2025, in Poznań, Poland. This special joint Polish-Ukrainian edition of ECM will bring together approximately 1,000 crystallographers from around the globe to share insights, foster collaborations, and celebrate advancements in the field.

By joining ECM 2025, your Company will have the unique opportunity to showcase its achievements, technologies, and products to an international audience of scientists and industry professionals. Our event offers an excellent platform for engaging directly with a specialized audience, building brand recognition, and establishing valuable connections with new clients and partners in the crystallography community.

We look forward to the opportunity to collaborate with you and create an impactful experience together at ECM 2025 in Poznań. Join us in shaping the future of crystallography while fostering international collaboration in science and innovation.

**Maciej Kubicki**

Adam Mickiewicz University, Poznań,  
Chair of Organizing Committee

**Supporting ECM34 is definitely a great way to market your Company and boost your branding.**

1. Launch products and present innovations to the crystallographic community at large

3. Expand your network and strengthen your reputation
4. Meet and interact with international experts in the field of crystallography

## TOPICS

**The ECM34 Conference is soliciting presentations and communications describing significant findings and new developments in the following areas:**

1. Macromolecular crystallography
2. Quantum crystallography
3. Aperiodic crystals
4. Electron crystallography
5. Mineral and inorganic crystallography
6. Instrumentation and experimental techniques
7. Powder diffraction
8. Crystallographic computing
9. Crystallography under extreme conditions
10. Crystallography of functional materials
11. Molecular structure and chemical properties
12. Molecular interaction and recognition
13. Dynamics, disorder, diffuse scattering
14. Cultural heritage
15. Education in crystallography

Poznań is one of the oldest and largest cities in Poland, inhabited by over half a million people. International trade, business meetings and conventions play a vital role for the local economy. A trip to Poznań is a chance to visit a place which is inherently linked to the very roots of Poland. It was here that Mieszko I of Poland decided to found his town, it was also probably here that he was baptized in 966 and joined the ranks of medieval European rulers.

Poznań Congress Center is a vibrant, multifunctional, three-storey and architecturally diverse building that offers over 4,000 conference seats, VIP zones, and spaces dedicated to exhibitions and sponsor stands. We host nearly 200 diverse events annually, from international congresses and conferences through corporate meetings, concerts, theatre performances and trade fairs. The space of Poznań Congress Center has been designed in such a way that it can be adapted to the needs of our clients. Therefore, all important city points are at your fingertips. Several large hotels are located in the immediate vicinity of the fairgrounds. You can reach the railway station on foot in just 5 minutes. Ławica Airport is in turn located at a distance of 6 km.

By exhibiting at ECM 2025, Companies will benefit from extensive exposure to our international, focused attendance interested in industry innovations.
